National Award-Winning  
Public Broadcasting Studio

Project Statistics

Scope:	Interior Studio Lighting
Architect:	EM Kado Associates
PLA Project Lead:	Paul Luntsford, LC
Opened:	1991

For two production studios, the design of the studio lighting grids, black-out perimeter drapes, 270 degree cyclorama and chroma-key draperies, tracks, and switchers were provided.

There were 240 dimmer circuits planned per studio, including full top and bottom four-color cyclorama wash. Design included provision of memory/manual lighting control consoles and controller network. We also provided specification of studio lighting accessories & equipment.
