

# [ angelus temple ]

los angeles, california

### Project Statistics

Scope: Exterior Facade Lighting  
Architect: E.C. Lind, Architect  
PLA Project Lead: Paul Luntsford, LC  
Opened: 2000

Edge radiating sconces, set back into archways, provide grazing light.

Project goal was to provide perimeter security illumination and building recognition at National Historic Landmark church building which had fallen into disrepair over many decades. Lighting enhances historic architecture without dominating or creating new identity.

• 2002 IESNA International Illumination Award of Merit
